## "SMALL SCALE" CONSERVATION PROJECTS

EAZA Annual Conference, Zoomarine, 30 September 2022

#### **Dijana Beneta**

Curator of mammals, EAZA Small Mammal TAG vice-chair (subgroup) Zoological Garden of Zagreb, Croatia

#### **CONSERVATION PROJECTS**

- CONSERVATION one of 3 main goals
- Very small projects are significant as large ones
- Local projects are significant as global ones
- Capacity building of local government and partners
- Education of local community

#### Repopulation of Red squirrel (Sciurus vulgaris) in Zrinski's Park in Čakovec

Breeding of squirrels at Zagreb Zoo

Recovering wild squirrel in our rehabilitation centre

Releasing of squirrels in Čakovec where population is

scarce (soft release)

# Partners: Local government (City of Čakovec)

- Financial support (enclosure for adaptation and release of individuals, obtaining videosurvelince,...)
- Obtaining the permits for location for enclosure for adapatation

PR

#### Partners: Regional public Institution for Nature Protction

- Obtaining permits
- Implementing educational programs
- Monitoring of population
